

Pass through trays PASMONT7041

Description

Pass through trays PASMONT7041

Characteristics [Pass-through trays PASMONT7041](#):

External dimensions: 50 x 282 x 440 mm (Height x Width x Depth)

Internal dimensions: 30 x 220 x 200 mm (Height x Width x Depth)

Install dimensions: 268 x 426 mm (Width x Depth)

Mesh Size: 30 mm

Solid Stainless steel construction with abrasion-resistant structure lacquering

The front cover is made from brushed stainless as standard version.

These pass-through trays are designed to be installed in hospitals, medical centres, pharmacies, petrol stations, businesses, etc.

Their body is constructed from TIG welded stainless steel for a clean, high resistance finish.

The stainless steel finish means they are easy to clean and encourages a germ free environment.

The drawer fronts are available with or without a lock and they have high resistance hinges.
